

Briggs Therapy Group is looking for a psychotherapist (LPC, LSW, LCPC, LCSW, PhD, PsyD, LMFT) to join us in our Park Ridge practice. We offer a supportive working environment for therapists who want to continue to develop effective clinical skills utilizing multiple theoretical approaches, with a particular focus on insight-oriented psychotherapy and an interest in working with couples and families. Our practice serves a wide range of clients including individuals (children, adolescents and adults). We support a healthy work-life balance and value the growth and development of clinicians over metrics and productivity goals. Therapists will have flexibility in scheduling, options for virtual and in-office appointments and enjoy a pleasant work environment.

This W2 position includes competitive compensation with bonus structure, health insurance, malpractice insurance, paid time off, CEU reimbursement, along with group consultations and full administrative support.

Applicants please include a letter of interest and a resume to Jennifer Briggs, LCSW, jennifer@briggstherapy.com
