Briggs Therapy Group is looking for a psychotherapist (LPC, LSW, LCPC, LCSW, LMFT, PhD, PsyD) to join us in our Park Ridge practice. We offer a supportive working environment for therapists who want to continue to develop effective clinical skills working with children/adolescents, adults, families and couples. Our approach in working with children and adolescents is from both an individual and family systems perspective, helping families to heal and grow together. Clinicians who are interested in working as part of a collaborative team as well as those who want to learn multiple theoretical approaches will be our ideal candidates. We support a healthy work-life balance and value the growth and development of clinicians over metrics and productivity goals. Therapists will have flexibility in scheduling, options for virtual and in-office appointments and enjoy a pleasant work environment with a small, supportive and collegial team.

This W2 position includes competitive compensation with bonus structure, paid administrative time, health, dental and vision insurance, malpractice insurance, paid time off, CEU reimbursement, along with group consultations, paid clinical supervision and full administrative support.

Applicants please include a letter of interest and a resume to
